

# MX 1016

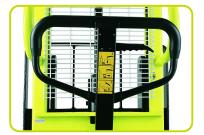

# MANUAL STACKER

### MX STACKER

MX Series is a robust and resistant stacker perfect to lift and transport your loads. Reinforced forks, steel pulley and forks precisely driven by rollers, among its main features, make it an excellent compromise between price and performance. The machine is also equipped with a foot pedal to lift forks, which considerably reduces the operator's effort.

# TILLER

Increased ergonomic handle thanks to plastic cover and the 3 position control lever (down, neutral, up) to make lifting and transport operation even "lighter".

# STEEL PULLEY

A sturdy chain and a strong steel pulley ensure great resistance and reliability even working at maximum load capacity.

#### FOOT PEDAL

The foot pedal can be used instead of the handle to raise the stacker forks to the desired height.

#### WHEELS CONFIGURATIONS

STANDARD:

Nylon steering wheels and nylon rollers

| Description                |   |    |            |
