Safety Instructions

Information:

If in doubt, contact the supplier:

- Read this guide before commencing assembly and retain for future reference
- Before commencing assembly, unpack carefully and check that all components ordered are included
- Assembly should be undertaken by a minimum of two competent people
- Tools – Cordless drill (3/16" drill bit), step ladder, tape measure and screwdriver

Caution:

During assembly, ensure to:

- Take care during assembly and in use, particularly when lifting or stretching and when using tools
- Build on a suitable level floor, which is strong enough to support the load and allow adequate working space
- Dispose of packaging materials responsibly

Warning:

Rules for the safe use of shelving:

- Ensure these instructions are retained for reference and that users are aware of the rules for safe use
- Never climb on the structure or stand on the shelves
- Do not lean or support ladders, steps, or other objects against shelvings
- Always use safety steps to reach high shelves
- Do not use in damp or wet conditions
- Load heavy items on the lower shelves and lighter items on the higher shelves
- Ensure that the maximum load carrying capacities are not exceeded
- This product is designed for hand loading
- Please refer to the loading information supplied for details
- This product should be fixed to the wall
