Safety Instructions

Information

If in doubt, contact the supplier:

- Read this guide before commencing assembly and retain for future reference
- Before commencing assembly, unpack carefully and check that all components ordered are included
- Assembly should be undertaken by a minimum of two competent people
- Tools – allen key (included)

Caution

During assembly, ensure to:

- Take care during assembly and in use, particularly when lifting or stretching and when using tools
- Wear appropriate safety clothing – protective gloves and footwear are recommended
- Build on a suitable level floor, which is strong enough to support the load and allow adequate working space
- Dispose of packaging materials responsibly

Warning

Rules for the safe use of workbenches:

- Ensure these instructions are retained for reference and that users are aware of the rules for safe use
- Never climb on the structure or stand on the workbench
- Do not lean or support ladders, steps, or other objects against the workbench
- Do not use in damp or wet conditions
- Ensure that the maximum load carrying capacities are not exceeded
